About Dr Ronny Tan Ban Wei

Qualifications: MBBS (Singapore) • MRCS (Edinburgh) • M Med (Surgery) • FAMS (Urology)

Languages Spoken: English • Mandarin • Teochew • Hokkien

Dr Ronny Tan is a Specialist Urologist and Andrologist who is trained locally and board certified by the Specialist Accreditation Board. He received his MBBS from the Faculty of Medicine, National University of Singapore and was conferred Masters of Medicine (Surgery) by the Yong Loo Lin School of Medicine, National University of Singapore. He is a Member of the Royal College of Surgeons (Edinburgh) and is a Fellow of the Academy of Medicine, Singapore.

He sub-specializes in Andrology, Male Subfertility, Sexual Medicine and Urological Prosthetic Surgery and is the first Singaporean to be fellowship trained in USA in this niche specialty. He was awarded the National Healthcare Group (NHG) Healthcare Manpower Development Plan (HMDP) scholarship in 2013 and spent one year undergoing a Sexual Medicine Society of North America (SMSNA)-accredited clinical fellowship in Tulane University, New Orleans, Louisiana, USA with world-renowned Andrologist and Prosthetic Urologist Professor Wayne Hellstrom, who has served as the past president of

the International Society of Sexual Medicine (ISSM), SMSNA and the American Society of Andrology (ASA).

During his stint at Tulane, other than being trained in implanting the Boston Sci AMS penile prosthesis, artificial urinary sphincters and urethral slings, Dr Tan was also one of the first to implant the latest Titan Touch penile implant from Coloplast as well as the quadratic urethral sling. He was one of the first to start using intralesional collagenase injections for the treatment of Peyronie's disease and reported on the efficacy of the second generation PDE5 inhibitor avanafil for treatment of erectile dysfunction.
